UNIVERSITY OF MYSORE

OFFICE OF THE REGISTRAR, MYSORE VISWAVIDYANILAYA KARYA SOUDHA, "CRAWFORD HALL", MYSORE-5.

Notification dated 29th December 1975.

No. D9-561/75-76. It is hereby notified that the Regulations governing the syllabus, scheme of Examination and admission to the Master's Degree Course in Agricultural Marketing Management (enclosed) proposed by the University on the recommendations of the Committee at the meeting held on 23rd September 1975 has been approved by the Chancellor as communicated by the Secretary to the Government of Karnataka, Education and Youth Services Department in letter No. ED 54 UMV 75 dated 22nd December 1975 subject to the condition that the University shall reserve seats for purposes of admission to students in any college or institution maintained or controlled by it in accordance with special or general directions of State Government as laid down in Section 6(2) of the Karnataka State Universities Ordinance, 1975.

BY ORDER,

.....
Registrar I/c.

A. Preliminaries :—

The Committee appreciated the lead taken by the University of Mysore in starting the Master Degree Course in Agricultural Marketing Management and complemented the State Agricultural Marketing Board for its forsightedness in financially assisting the University for this purpose.

It is the first course of its kind in India. Although the importance of agriculture in the Indian economy has been realised for a long time, the role played by marketing has not been adequately appreciated. In particular, we have yet to recognise the fact that in the absence of proper marketing facilities and marketing management, it will be almost impossible to mop up the marketable surplus from agriculture. Further, unless agricultural marketing system is improved and modernised both the producer and the consumer stand to lose—the former because he would not receive the benefit of increase in prices and the latter because he would often be served with sub-standard commodities. There is also the additional dimension that in the general scheme of economic development market towns have the potential to develop into growth points and growth centres. They serve as centres of diffusion of agricultural innovations and information. It is from these points that stimuli for development are transmitted to the rest of the economy.

It is, therefore, essential that those who work in the field of agricultural marketing are trained for the work they are expected to do. can no longer proceed on the basis of trial and error or purely on the basis of accumulated experience. It is necessary that a new cadre of people is trained in the specific functions of marketing. At the same time, we should provide opportunities to those who are already in the field of marketing to be exposed to wider horizons. It, therefore, in the fitness of things that the University of Mysore and the State Agricultural Marketing Board have joined together to start this post-graduate course in Agricultusal Marketing Management.

B. Nature of the Course :—

1. The Master Degree Course in Agricultural Marketing Management is an inter-disciplinary course embracing disciplines such as agricultural economics, food technology, management, marketing geography and socio-economic and physical planning.

2. It is an academic-*cum*-professional course requiring on job training of the participants for at least one semester. It will be run in continuous consultation with the State Agricultural Marketing Board and the State Marketing Department.

3. It is a course which integrates research in agricultural marketing (specially in Karnataka) with the training in the field. Participants will have to work with the faculty in research programmes such as the Agricultural Marketing Evaluation Project the Institute of Development Studies is operating at present The data derived from researches of the faculty and the participants would form an cimportant omponent of the teaching material.

C. Intake :—

The Maximum intake will be 21. 50 per cent of the seats will be reserved for candidates sponsored by the Karnataka State Agricultural Marketing Board and the State Marketing Department.

D. Admission Requirements :—

1. **For Deputed Candidates** —Bachelor's degree of the University of Mysore or its equivalent from a recognised Indian or foreign institution.

2. **For Other Candidates** —Bachelor's degree in economics, commerce, business management, food technology, agriculture or Bachelor's degree with post-graduate diploma in Development Planning and Management.

E. Fellowships :—

Two fellowships of Rs. 150/- each per months plus Rs. 500/- for contingencies have been made available by the Karnataka State Agricultural Marketing Board. One of these is reserved for S. C. & S. T. candidate. The other will be open and offered to the most meritorious candidate.

The deputed candidates would not be eligible for these fellowships.

F. Obligatory Research :—

The course which is of 2 year's duration will consist of 4 semesters.

At the end of the second semester (during the summer vacation) the students will have to undertake a bigger project in one of the markets This will be of 6 week's duration The students will have to work in groups of 4 or 5, but each student will have to submit an individual report which will be assessed.
